Supplemental Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Barry Swanson on 09/19/05.

The application has been amended as follows:

In claim 33, change "0.2" to --0.1--.

In claim 34 add the term "about" before "0.2" and "3".

Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

The prior art teaches method of producing appetite suppression, increased energy levels or a positive inotropic effect in patients by administering drugs such as ephedrine and fenfluramine. The novelty in the instant Application lies within the method of making and administering the condensate aerosols of such drugs. The prior art does not teach producing a condensate by vaporizing the drug particles. The said condensates also provide a degradation product of less than 10% for the particles, an MMAD of less than 5 micron and a peak plasma drug concentration that is reached in less than 0.1 hours.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Mina Haghighatian whose telephone number is 571-272-0615. The examiner can normally be reached on core office hours.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Gary L. Kunz can be reached on 571-272-0887. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only.
